Summary

I am a beginner front-end developer with a great desire to learn and create great things. I am diligent in completing my tasks and enthusiastic about my work. I have a mentor, but I lack work experience and be immersed in real work.

Skills

- JavaScript, ES6, Promises, async/await
- HTML / CSS
- Bootstrap4, material-ui, responsive layouts
- React, React Hooks, Redux, ReactRouter, redux-thunk, Webpack
- Git

Pet projects

- Todo App
